COMMON DISEASE/PESTS: Alternaria Leaf Spot, Botrytis, Bacterial Leaf Spot, Powdery Mildew / Aphids, Thrips, Whitefly

NOTES:

- Plants will stretch under low light conditions.
- Plants require good air circulation.
- Avoid watering late in the afternoon.

REGIONAL INFORMATION:

- Takii proprietary treatment minimizes common bacterial and fungal disease problems encountered with other Zinnias
- Some growers in the Deep South grow Dreamland for year-round sales

Descriptions, illustrations, photos and disease resistance, etc. are based upon the results obtained under favorable conditions and certain races of pathogens/diseases. Identical results are not guaranteed nor implied for all growing conditions.

Information is based on average data compiled. Physical characteristics, adaptability and disease tolerance may vary under different conditions.
